DETAILED ACTION

Allowance

1. Claims 1-7 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claim 1 includes the limitation of the sub bag having an upwardly extending portion from one side that is located in and surrounded by the upper section of the main bag that allows the gas generator to be disposed in the upwardly extending portion. The closest prior art includes JP'493 and Wipasuramonton et al. (US 6,279,944.) While each of these include an upwardly extending portion, the gas generator is not disposed in the upward portion, but rather is connected to the bottom of the sub bag, in the part of the bag that can not be reasonably considered to be upwardly extending.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

3. The drawings were received on 6/23/05. These drawings are approved.
